

Lexmark Advantage MPS Core

Predictable pricing and improved efficiency come standard

If dealing with your printing and copying devices, and their associated costs, is starting to feel like a full-time job, it is time to consider a Managed Print Services (MPS) agreement with your trusted Partner and Lexmark. The Lexmark Advantage MPS Core program takes the hassle out of printer or copier maintenance so you stay focused on growing your business.

Bring order to the chaos

With Lexmark Advantage MPS Core, your trusted Partner and Lexmark do the heavy lifting of managing your devices and supplies. Supplies are sent before you need them. Service calls are quick, and your Lexmark device stays up and running.

Control your costs

Lexmark Advantage MPS Core brings predictability to your monthly output costs. You and your trusted Partner can determine your average usage and create a predictable monthly pricing structure. No more unexpected supplies or service costs.

Why Lexmark?

Implementing MPS can feel daunting, but Lexmark is an industry-leader and has 15 years experience putting MPS to work in businesses of all sizes around the globe. Your trusted Partner knows the ins and outs of your business. When we work together, you get the benefits of global leadership and personalized support.

Go further with MPS

Lexmark can do more than give you predictable costs and no hassle maintenance. Lexmark's unique catalog of software and solutions can help you speed up your workflows and boost your productivity. From Invoice Processing to retail signage with mySignShop, your trusted Partner can help you find the right solutions for your business.

Right for you and the Earth

Lexmark Advantage MPS Core incorporates environmentally responsible products and practices through every part of our business. That makes Lexmark an easy choice to keep your business eco-friendly.

"A competitive advantage for Lexmark is its customization capabilities. By owning its own services, solutions, software, firmware, and product technology, rather than partnering, it has the ability to quickly respond to customization requirements."

Quocirca Managed Print Services Landscape, 2014

Benefits of Lexmark Advantage MPS Core

Hassle-free maintenance

From break/fix to general service, Lexmark and your trusted Partner, keep your devices working so you don't have to.

Predictable pricing

Get off the rollercoaster of unpredictable printing costs with a simple cost structure that is right for your business.

Automatic supplies fulfillment

Toner and supplies are sent before you need them. No more emergency runs to the office supply store.

Award-winning hardware

Lexmark's award-winning smart MFPs are fast, versatile and built to last. Touchscreen control panels make them easy-to-use and expandable. Your device always stays up-to-date and compatible with your business.

Eco-friendly commitment

Lexmark MPS Advantage incorporates environmentally responsible products and practices across every aspect of our business and yours. The robust Lexmark Cartridge Collection Program (LCCP) collects, recycles or reuses your old cartridges.

Scalable to grow with you

Lexmark MPS grows with you. Add devices or expand with workflow and process software solutions like the AccuRead Automate app that captures, automatically classifies, routes and extracts key information for file naming and indexing, which makes finding and managing documents, such as invoices, easier and quicker. It is the only such technology in the industry that doesn't require a server and runs directly on your Lexmark smart MFP, and only Lexmark has it.
